

This figure is a complex, multi-colored grid pattern, likely representing a transportation network or a detailed schedule. The grid is composed of numerous small squares, each containing a number and a color-coded line. The colors include red, green, blue, orange, yellow, and purple. The numbers are small and often include a letter suffix (e.g., 101A, 102A). The grid is bounded by a thick black border. The overall layout is a dense, repeating pattern of lines and numbers, suggesting a highly organized and complex system.
